

REMINDNET opens the Call for Young Researcher and Innovator (YRI) Conference Grants

These calls are based upon the work performed within COST Action CA22138 - Recovery of Mining District Network (REMINDNET), supported by COST (European Cooperation in Science and Technology).

YRI Conference Grants provide financial support for Young Researchers and Innovators for their participation in high-level conferences. The grantee receives support for attending and presenting their own work (poster/oral presentation) at a conference and can establish a strong network as well as increase their visibility in the research community.
